

## Suggested Plan of Study

### Dual Degree in Energy Land Management & Russian

Students should always take the Russian placement test and start at the level in which they place. Placing at the right level is crucial. Students should self-place at RUSS 101 only if they have never taken any Russian. Students should also consider study abroad and/or summer courses. Any transfer credit, dual enrollment credit, credit by exam, and AP credit will help reduce the number of courses needed per semester. Finishing a Dual Degree fulfills GEF 8.
